### *"Tar Wars"*

## Sippican School Students Design Posters

On Friday, March 10, Dr. Stephen Mendes, MD, made several presentations to each fifth grade class at Sippican School in Marion utilizing a curriculum from the American Society of Family Physicians called "Tar Wars." Dr. Mendes, a pediatrician who recently moved to the area to join the practice at Wareham Pediatrics, asked the students to bring in magazine tobacco ads from home beforehand. After his presentation, Dr. Mendes facilitated breakout groups as they analyzed the ads as to their target market, their message, and whether they depicted the truth about tobacco use.

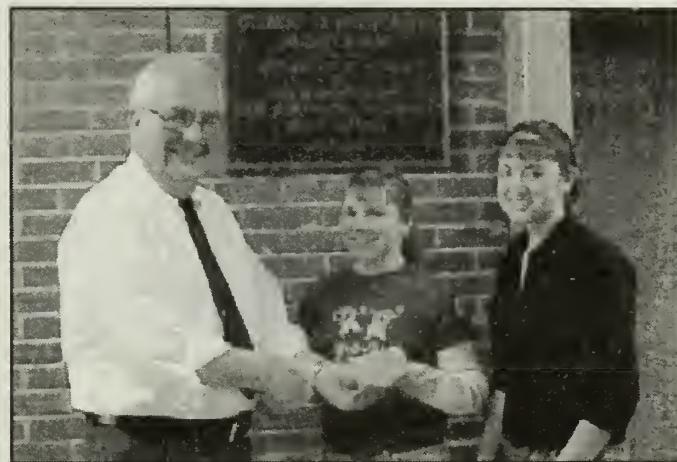

Dr. Mendes stated: "I was very impressed with the students' knowledge base about the health consequences of using tobacco." He also encouraged students to think about why kids start smoking even though they know the health consequences. The presentation was enthusiastically received. Students were asked to enter a poster contest about the dangers of tobacco use and why young people should make smart decisions to avoid nicotine addiction.

Maureen Lamoureux, RN, Sippican School Nurse, coordinated the effort and arranged for the posters to be judged on April 12. Judges were Lori Schaefer, Chairman of the Marion Board of Selectmen; Dr. Mendes; Maureen Lamoureux; and Judith Coykendall, PACT (Prevention And Cessation of Tobacco) Director. Three posters were selected and will be submitted to a state competition. The winner of the state competition will be submitted to a national competition, and the winner will be sent to the White House to meet the President.

The winners at Sippican School were: First Prize - Noelle Fougere in Mr. Hutching's class; Second Prize - Allison White in Mr. Farrell's class; and Third Prize went to Katie Hourihan of Mr. Hutching's class. "All of the posters clearly demonstrated that the students had a comprehensive knowledge about the consequences of tobacco use, so it was a difficult decision," said Dr.

Mendes. "I will come back next spring to present the 'Tar Wars' curriculum to the fifth grade class. Hopefully, even more students will enter the contest so that more of them will have a chance to compete on a state level."

Judith Coykendall went on to say, "I observed Dr. Mendes' presentation and I feel it was very effective in enabling students to engage in problem-solving activities that reinforce their ability to deal with peer pressure. We know that even with all the knowledge about the dangers

*On the cover: Donn Tyler (left) and "Harvey" (right) will star in the Marion Art Center's production of the classic comedy *Harvey* by Mary Chase, which was also the source material for the beloved film starring James Stewart. The show will be staged on May 5, 6, 11, 12 and 13 at 8:00 pm, with a Sunday matinee at 4:00 pm on May 7. For tickets or reservations, please call 748-1266. (Photo by Kenneth J. Souza).*

Approval was granted to the Mattapoisett Congregational Church to utilize Shipyard Park for last week's Easter Sunrise Service. Ms. Adams also provided a reminder to everyone that the Annual Town Meeting will be held on Monday, May 8 at 7:00 pm in the Old Rochester Regional High School Auditorium. A Pre-Town Meeting has not been set yet for one last review of the warrant by Selectman and Town Moderator.

After a review of this week's incoming correspondence, Ms. Adams brought the board up-to-date on the bid opening for the wharf food concession stand applicants under this week's Executive Secretary's Report. She reported that on April 14 at 3:00 pm she opened bids and "it was a little disappointing, we had five people pick up applications and only one person made a bid, which unfortunately had to be rejected" due to non-specifications and insufficient information on the application. "So, we're back to square one again," she said.

Chairman Lambalot commented that "I have to

In a review for the record of the applicants for appointment to the Mattapoisett Elementary School Building Committee, Chairman Lambalot and Selectman Andrews voted to appoint James A. Muse, Jack McGill and Ronald C. Merlow as the remaining three seats to the committee.

Selectman Andrews said that during the week of May 15, he would like to schedule the committee's first meeting.

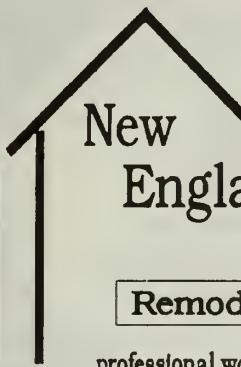

At 7:15 pm the board met with counsel in attendance, Chip Mulford, who represents the application of Sanjay Patel for a transfer of license from David A. Fiocchi, DDR Enterprises, Inc, for a public hearing for a liquor license in the change of hands and name of Mattapoisett Liquors to Hika Corporation (for the Texaco Gas Station located on Route 6). Due to a small glitch in the process of paperwork, Mr. Mulford requested a minimum two-day extension on the hearing. The board agreed that a continuance of the open hearing for the liquor license application will be held at the May 1 Selectmen's meeting at 8:00 pm on the agenda.

At 7:30 pm the board met with State Representative William Straus, Senator Marc Pacheco and David Janik of the Department of Environmental Affairs (DEA) to discuss the state's Buildout Analysis for the

"Hopefully this will be an asset to the town," Mr. Janik said. "It's about empowering communities providing the tools for informed decisions making and initiating a dialogue between state agencies and communities and recognizing the interconnectedness of environmental protection and economic development."

through a number of breakfast summits held around the state with state and local officials over the past couple years with the main themes of concern for Massachusetts towns and cities being the preservation of community character, historic downtowns, open space, affordable housing, farm land, water resources and economic development.

"The only thing the EOEA can guarantee is change in your future," Mr. Janik said. "We'll look ahead to 20-30 years in the future to what your town will look (like)." Mr. Janik outlined the generalized analysis grid that the EOEA has put together for each town and city in the state to use and customize to fit their needs, goals and character. Each town, starting with the 51 in the Plymouth and Bristol County communities, will receive a computer program of a specified buildout analysis for their area based on current zoning and building laws and from their local town officials are expected to analyze it further and modify it to better represent the area's needs and projected growth capacity with ways to control it.

Phase two of Executive Order 418 of the Community Preservation Initiative of the EOEA will later address and provide information and assistance to all towns and cities with Community Development Plans and Discretionary Funds. "Hopefully we'll end up with a future Mattapoisett that is desirable," said Mr. Janik.

There being no further matters to come before the board, they voted to adjourn for the evening.

33 regular articles and seven special articles on the warrant.

Members of the Finance Committee (FinCom) made a brief presentation noting that one of the biggest portion of the town's annual operating budget is devoted to paying personnel salaries. "For the past ten years, personnel costs have increased close to 6 percent per year ... in this year's warrant, Article 2 increases personnel spending by 5.3 percent or \$385,000," according to a report from the FinCom included in the warrant. "Since personnel costs have determined such a large percentage of our town spending in the past and this trend is projected to continue into the future, Marion's Finance Committee is recommending to Selectmen that they appoint a Personnel Advisory Committee to review the Town's personnel programs and policies."

One of the only articles which met resistance on the first evening of the Town Meeting was ARTICLE 14 which asked voters to raise and appropriate \$50,000 to be used by the Planning Board to continue developing the Geographical Information System (GIS). Since there was a decidedly lack of information presented to voters, the article was tabled for future consideration.

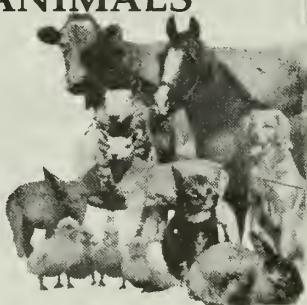

Voters readily agreed to set compensation

Despite some inquiries as to specific line items and clarifications on budget amounts, the town's General Operating Budget for Fiscal Year 2001 totalling \$12.075 million (a 6.5 percent increase over last year's budget) was approved under ARTICLE 2.

The other major expenditure on the warrant was ARTICLE 3, which asked voters to approve Marion's share of \$4,169,360 for the reconstructing, equipping, remodeling and making extraordinary repairs to Old Rochester Regional High School and Junior High School — the total project cost of which is \$47.5 million to be shared by Mattapoisett and Rochester (both of which already approved the funding). unanimously approved the expenditure which will go before voters at the polls on Friday, April 28.

On the second night of Town Meeting, resident William Brennan had vocal reservations about ARTICLE 21, which asked voters to accept the provisions of MGL Chapter 59, Section 5, Clause 41C to provide a tax exemption to property owners over age 70.

"I believe this is an excellent approach and it's long overdue ... but there are some

questions which have to be answered," Mr. Brennan said. "I think there are possibilities for some kind of abuse. One problem that I fear is we will be subsidizing some of the more expensive properties in town." Mr. Brennan suggested the article be amended to limit the property value in question.

"We cannot amend a state law," Mr. Titus said. "We are voting to adopt an existing state law."

Despite Mr. Brennan's suggestions, the article was unanimously approved as read, without any changes.

Like the Planning Board request to fund the GIS system the night before, the Circulation Committee's article to accept a plan for a multi-use pathway along Converse Road (ARTICLE 25) was indefinitely postponed and will be presented to Town Meeting with more detailed support at a future date, according to Selectmen Chairman Loretta Schaefer.

Marion Town Meeting voters also approved:

- \$78,117 to be used by the Marion School Committee to provide for growth and essential educational services and \$31,360 to be used for growth and essential educational services at ORR High School under ARTICLE 4;

## Rochester Selectmen's Meeting

April 24, 2000

By Kenneth J. Souza

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, April 24 at 7:00 pm by Chairman Richard Cutler. Also present were Selectman Naida Parker, Selectman Patricia Ryan, Town Administrator James Huntoon, and Administrative Assistant Veronica Lafreniere.

After approving the minutes of the April 17 meeting, the board agreed to reorganize since the matter had been postponed from last week's meeting. Selectman Ryan moved that Selectman Parker serve as Chairman of the Board, which was made unanimous by Selectman Cutler. In turn, Selectman Ryan was voted as Vice Chairman, and Selectman Cutler as Clerk for the new year. Selectman Ryan asked that Mr. Cutler be publicly thanked for his past service to the board as chairman.

Chairman Parker resumed conducting the meeting with the signing and approving of the discontinuance of Perry's Lane as approved by Town Meeting last week, and also approved the granting of two Flammable Fluid Permits for Bob Bettencourt and Sarah Miquell.

The board then turned its attention to considering reappointments of various positions under their purview, beginning with the somewhat contentious reappointment of Georgia Chamberlain to the Conservation Commission

(ConCom). Previously, Selectman Cutler had requested input from the various boards and committees as to their recommendations for reappointment. The ConCom sent a letter informing the board that at a recent meeting they unanimously voted to reappoint Ms. Chamberlain for a three-year term, but since their members could not attend tonight's meeting, they suggested her reappointment be postponed to May 1.

"We asked for input from the boards ... we didn't ask them to attend the meeting," Selectman Ryan said. "I personally don't feel that we should be holding this reappointment."

With that, the board voted to forgo Ms. Chamberlain's reappointment and instead voted to

At 7:15 pm the board met with Lynnea Walker who came in to request a liquor license to serve beer and wine on behalf of the Rochester Lands Trust for a Square Dance fund-raiser to be held on May 6 at the Rochester Woman's Club. Ms. Walker said the event is a one-time fund-raiser for the Lands Trust, and Cardoza's Wine and Spirits in Fairhaven has agreed to not only donate the beer and wine but also serve it for them. As such, they have insurance coverage in place with the Rochester Lands Trust named as function sponsor. They are seeking a beer and wine license for 7:30 to 11:00 pm and expect no more than 100 people to attend. The board unanimously granted the license as requested and asked for a copy of the certificate of insurance prior to the event.

At 7:30 pm the board met with Fred Underhill, their representative on the Marion/Mattapoisett/Rochester Housing Co-Op, who wanted to update them on the status of the organization. Mr. Underhill said that at a recent meeting of the tri-town committee, they voted to expand their membership from two to three representatives from each town as a way to increase activity and handle more mortgage referrals. The group helps local home buyers get low-interest mortgage loan assistance for homes purchased in the tri-town area.

some of the funding programs out there," Mr. Underhill said. "We've decided to expand our committee ... for a three-year term. We meet about quarterly and we'll now have a Rochester vacancy. We (also) still have Soft Second Mortgage Loan funding available ... the income requirements are \$40,000 or less (per family). We're still looking to help local residents if we can."

Both Mr. Underhill and Rick Charon currently serve as Rochester's two representatives. Those interested in filling the third seat should contact the Board of Selectmen, c/o Rochester Town Hall. Selectman Cutler noted that Mr. Charon expressed interest in stepping down when he last talked to him, so there may be two Rochester vacancies to fill on the Housing Co-Op.

Under the Town Administrator's report, Mr. Huntoon advised that he received personnel proposals from both the Massachusetts Municipal Association (MMA) and Howard Taber Associates to revise and establish a Personnel Classification Policy for the town. Although both were well-qualified, Mr. Huntoon said he'd like to recommend the Howard Taber firm so as to get a "different point of view" on Rochester's personnel policy. The new plan should be completed and ready by mid-May, which will give them time to fund any salary adjustments through separate articles on the Annual Town Meeting warrant in June. The board unanimously voted to allow Mr. Huntoon to move forward with his recommendation.

Mr. Huntoon advised that a tentative meeting has

He also informed the board that he's advertised the three major pending projects in Rochester with the state's central register — the Police/Communications Building, the Town Hall expansion and renovation, and the construction of a new Highway Department Building. The anticipated start date for construction on the Police/Communications Building has been pushed back to July 15.

On that note, Mr. Huntoon was pleased to announce that Rochester has been approved for a \$1.05 million Rural Housing Service (RHS) loan from the United States Department of Agriculture (USDA) at a rate of 5.1250 percent for the pending Police/Communications Building project. This would relieve the town from having to bond out the project and could borrow the full amount at the lower interest rate.

At 8:00 pm the board voted to go into Executive Session for a Police Grievance Hearing with Police Chief Walter Denham and representatives of the Rochester

Police Brotherhood. They resumed in Open Session at 8:25 pm.

In other matters, the board:

- Voted to pay an invoice from Town Counsels Perry, Hicks, Crotty and Deshaies in an amount in excess of \$10,000 for legal services rendered — \$8,381 of which was incurred by the Board of Selectmen for various litigation and contract negotiations.

- Reminded everyone that the deadline for submitting articles for the June Annual Town Meeting warrant is Friday, April 28. Mr. Huntoon plans to have a list of sample articles for next week's meeting.

- Requested that an article be reserved for Town Meeting to consider imposing fees for repeated false alarm calls to which emergency personnel has to respond. "I'm talking about the alarms to which the police department gets called over and over and over," Selectman Ryan said. "If the alarm is broke, fix it! We should be keeping track of those 'false alarm' calls and charging them a fee over a certain amount."

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:42 pm.

## Letters to the Editor

To the Editor:

Your cover photo on the April 20 edition refers to the Arch Bridge as having been known as "Lovers Bridge." Arch Bridge has never been known by that name. Lovers Bridge was a foot bridge located about a quarter of a mile north of the Arch Bridge. The stone abutments can still be seen in back of a house on Riverside Drive. A booklet by George Avila entitled "Indian Paths to Mattapoisett and Old Rochester" tells of a legend describing the bridge as having been "a trysting place for an Indian woman and her lover from the north." A more logical purpose for the bridge would be for the neighbors on both sides of the river to visit each other without having to walk down to the Arch Bridge.

Sincerely,  
Marion Roberts  
Mattapoisett

To the Editor:

On behalf of myself and all the members of the Rochester Police Brotherhood, I extend a sincere thank you to all the businesses and individuals that donated to this year's fund drive. Because of your generosity, this fund drive was one of our most successful. Your generous donations will be used to support education and youth programs. If you could not make a donation at this time, but would wish to at a later date you may contact any member of the Brotherhood.

highlighting their contributions to the local community. But *The Wanderer* needs your help in selecting these "unsung heroes."

The requirements are simple. Nominees must be legal residents of Mattapoisett, Marion, or Rochester (at least five years), and must have contributed in some way to the overall benefit of the community — either directly to town residents, or indirectly through efforts in promoting town activities, or working to keep the wheels of local government well-oiled. The only restriction is that these persons cannot benefit from their efforts in any other way — either financially or politically (hence, sitting elected officials are not eligible).

In doing this, we hope to applaud those who are rarely recognized for their countless hours of service and focus on the many people "behind the scenes" who remain otherwise anonymous but provide crucial support to many town functions. Like the keel of a ship which keeps the vessel from capsizing, the recipients of the Annual Wanderer Keel Award will be recognized for their stalwart efforts in keeping the community on an "even keel."

Past recipients of this honor have been:

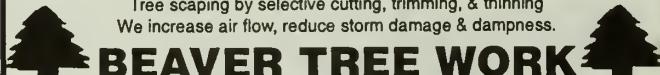

- MATTAPoisett - Maurice "Mudgie" Tavares (1994); Priscilla Alden Hathaway (1995); Norma Holt (1996); Gale Hudson (1997); Kenneth Stickney (1998); Clara Morgan (1999).

- MARION - Claire Russell (1994); Ralph and Phyllis Washburn (1995); Annie Giberti (1996); Jay Crowley (1997); Tyler Blethen (1998); Olive E. Harris (1999, posthumously).

- ROCHESTER - Joseph McCarthy (1994); Jean Fennell (1995); Katherine Hartley Church (1996); Chris Byron (1997); Albert Alderson (1998); Arthur and Aline Lionberger (1999).

## Animal Advice

### Jay Gould, DVM

#### What are heartworms?

Heartworms are actual foot long worms that develop in the hearts and arteries of the lungs of dogs as well as cats and ferrets.

#### How are they spread?

Mosquitos spread heartworms from infected dogs to other dogs by transmitting larva found in the blood called microfilaria.

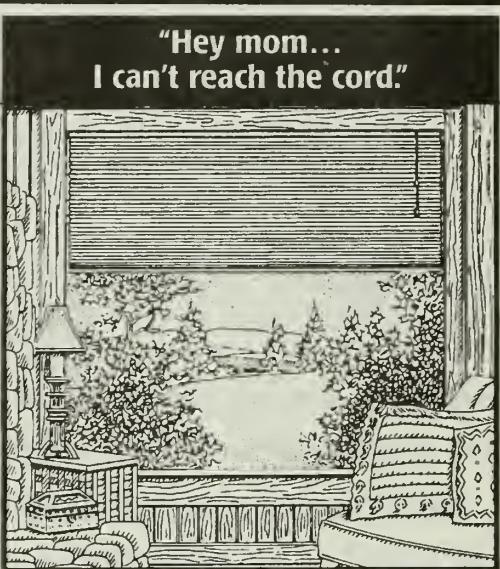

#### Are heartworms serious?

Unfortunately yes. They impair the function of the heart and lungs and may kill the dog if they are not treated.

#### How can they be prevented?

Your veterinarian will check for heartworms with a blood test and then place your dog on a daily or monthly medicine that will kill the microfilaria that were injected into your dog by a mosquito.

#### Sippican School Construction

Progress on the building project at Sippican School in Marion is proceeding on schedule. The structural steel work has been completed. The inspection will be completed next week. There is still one more slab on the first floor that needs to be poured. It is in the area to the right of what will be the new entrance. This was scheduled to be done last week. The slab for the second floor and for the stairwells was scheduled to be poured this week.

There are metal studs being erected around the perimeter of the building. This work is 85 percent complete in the cafeteria and kitchen areas. Soon this work will begin on the second floor.

The plumbers and electricians are installing pipe and wires inside the building. The electrician is mounting the switch gear in the main electrical room. Switch gear distributes the electricity from the outside electrical poles to all the building areas. The HVAC (heat, ventilation, and air conditioning) installation on the first floor is well underway.

Now you can really see the masonry walls on the Main Street side of the building. The cafeteria masonry walls are all in place as are the community room and music room walls. The masons are working around toward the front of the structure. The masons are now working on putting up the yellow brick on the walls of the cafeteria.

*Race*, completed in 1997, was shot mostly at area locations in New Bedford and throughout the surrounding area. It tells the fictional story of one man's lifelong struggle to overcome survivor guilt following the tragic loss of his family in the Holocaust.

The film took first place honors at the 1997 Judah H. Magnes Museum's Jewish Film/Video Festival in Berkeley, CA and has had screenings in Massachusetts, New York, Colorado, Florida, and Saint Louis. Locally, *Race* has also been shown in some of the area schools to supplement their respective Hate Awareness and Religious/Social Tolerance Programs.

Mr. Lestage, a New Bedford native and Mattapoisett resident, works professionally in both film and video production as a soundman for television news magazine shows such as the *Today Show*, *Dateline*, *PrimeTime Live*, and *60 Minutes*. *Race*, Mr. Lestage's first independent film effort, is the first of several films he has planned to shoot locally.

### Fairhaven/Mattapoisett Kiwanis Club

Fund-raising is an ongoing process for the Fairhaven/Mattapoisett Kiwanis Club and deemed a necessity to help finance projects for special needs children. The success of the Spaghetti Supper held recently at the Knights of Columbus Hall in Mattapoisett can be attributed to the many faithful and generous people attending. Proceeds from the supper will be allocated to another project deserving of the Kiwanian's dedicated commitment in our community.

Reviewing the total Kiwanis picture, it encompasses numerous challenges on various levels — i.e. internationally, nationally, on the state level, and in our local community. They are inclusive of a drive to eliminate, if not totally eradicate, Iodine Deficiency Disorder worldwide; educate parents about the danger of children sniffing ordinary household products that may contribute to brain damage, heart failure and death; provide financial support for the Kiwanis Pediatric Trauma Institute at the New England Medical Center in Boston and continue to assist families in need who are caring for a child with special needs.

Most notable, through the combined efforts of the Fairhaven/Mattapoisett and New Bedford Kiwanis Clubs, construction of a helipad at St. Luke's Hospital in New Bedford became a reality in June 1993. A med-flight can depart from St. Luke's Hospital in New Bedford and arrive at a major trauma center in Boston in approximately 18 minutes. By comparison, an ambulance trip to Boston would take an hour or more, depending on traffic conditions.

An accredited Pediatric Trauma Training Management Program was sponsored likewise by two local clubs in October 1992 at the New Bedford Whaling Museum. The club has previously donated a recovery

# Sub Standard

BY ROB GONSALVES

local@wanderer.com

■ **U-571.** Starring Matthew McConaughey and Harvey Keitel. Directed by Jonathan Mostow. Running time: 108 minutes. MPAA rating: PG-13. At Cinema 12 at the North Dartmouth Mall and Flagship Cinemas in New Bedford.

A beefy, crunchy sound mix can certainly add to the impact of a film, but I've never seen a movie as dependent on a fancy sound system as the new submarine thriller *U-571*. I have a foolproof test for such audio spectacles: If you saw it on a 15-inch TV screen with a dinky mono speaker, would it still be a compelling film? Interesting characters? Good story well-told? *U-571* flunks on all counts.

It's not that this is a disgraceful movie — it's the sort of film for which the noncommittal phrase "It's okay for what it is" was coined. And what is it? Take away the god-of-thunder sound mix and you have a historical action flick, sometimes competent, occasionally tense, more often inert. But how hard is it to work up suspense by putting a group of men in a tin can hundreds of meters below the surface, then setting off explosions all around them? The movie that did all this to a T, of course, was 1982's classic *Das Boot*, which was more a study of personalities under stress than a war story. *U-571* is like a hyper Internet-age remix of *Das Boot* without, y'know, all that boring characterization. It's *Das Boot* stripped for action.

The movie sets up a tentative hero — young Lt. Andrew Tyler (Matthew McConaughey), who wants to run his own sub but has no command experience. If you sense early on that the film is going to be about how Tyler proves his mettle, you're half right — *U-571* will also be about selfless sacrifice, pulling together as a team, and lots of jiggly camerawork whenever the sub takes a hit. Only the ship's chief (Harvey Keitel) has any faith in Tyler; he even gives Tyler pointers on how to act as though he has all the answers even when he doesn't (which is often).

These men are part of a mission based glancingly on actual World War II events. The Germans have a secret code to communicate with each other; the

Allies haven't been able to crack it, so the plan is to steal the Germans' code machine from one of their subs. Tyler and his crew, posing as Germans, succeed in taking over the German sub, but then their own vessel is sunk by a German rescue ship. Now they have to get home in the leaky German sub they now occupy, hampered by destroyer ships, depth charges, and the most by-the-numbers script since *Armageddon*.

I suppose there's something to be said for a movie that just goes in there and does the job. *U-571* has almost no downtime; like *Das Boot*, it kicks off with a bit of R&R but quickly gets down to business. The trouble is, the movie is edited to within an inch of its life; there's no room to breathe. And, aside from McConaughey and Keitel — that is to say, the stars — most everyone is interchangeable, so that when someone dies, you have only the vaguest sense who it was, much less why you should care. A scene in which a dead man is shot up to the surface as a distraction tactic underlines why most of the characters are there: to die for our entertainment.

The cheesy moments pile up. Tyler, of course, gains authority as the film goes on, or so the script tells us. You wouldn't know it from McConaughey's performance, though he valiantly foregoes his usual good-ole-boy grin; at times, he gets so grim he's ready to recite beat poetry. When a young sailor bravely dies for the good of the ship, Tyler says, "He never gave up," and the ship's (and film's) token black sailor validates him: "Neither did you, sir." *U-571* never gives up, either, but it's a lot of Dolby sound and computer-generated fury signifying nothing.

### Rochester Safety Awareness Day

Many dedicated local, state, and county volunteers are ready to present the Sixth Annual Rochester Safety Awareness Day (RSAD) on Saturday, May 6, 2000 from 10:00 am to 2:00 pm at the Rochester Memorial School on Pine Street (behind the Police and Fire Departments).

The FREE event, generously sponsored by greater Rochester businesses, the Rochester Police Brotherhood, and Masonic Lodges of Massachusetts, has much in store for children and adults of all ages. The important safety information will be offered through pamphlets, discussions, and demonstrations. The day's activities will culminate in the drawing of the winning names of the raffle for a BMX bicycle with helmet and other prizes. Raffle tickets can be purchased at RSAD on May 6 and winners will be announced at 2:00 pm.

New activities this year will include:

- Tooth Printing ... a wafer impression (performed by qualified dental personnel) done as part of the CHiP Video ID program for children;
- Safety With Aggressive Dogs ... a demonstration of important information for children, joggers, cyclists, and the like;
- Lions Club Mobile Unit ... for basic hearing and visual testing;

### MARRIED - THINK JOINT TENANCY

When two or more persons own property as joint tenants, they have equal rights to the property and they have the right of survivorship. They have an equal voice in the disposition of the property and they share its income equally.

In joint tenancy, every co-owner must acquire ownership at the same time. There is only one title to the property and each owner has an equal share and equal possession of it. Each owner has an equal interest in the property. If there are two owners, each has a 1/2 in-

terest. Four owners each have a 1/4 interest.

Joint tenancy is popular among married couples because of the right of survivorship. If one dies, his or her rights are extinguished and the property goes directly to the surviving owner. This eliminates problems that are sometimes encountered in tenancy in common, where one owner dies and leaves his share in the property to his/her heirs instead of to the other joint tenant.

## This Week's Horoscope

by Linda Black

**Aries (March 21-April 19).** Money's a major theme. You might make some extra money simply by asking for a raise.

**Taurus (April 20-May 20).** You're lucky, especially if you play by the rules. No problem, right? Travel but watch where you're going.

**Gemini (May 21-June 21).** You may feel pensive and moody. Don't worry about money; get creative instead. Figure out how much you've got.

**Cancer (June 22-July 22).** Friends and social groups are important. Take on a big project; you'll get a lot out of it. Discuss your plans with a partner. Figure out a way to get money.

**Leo (July 23-Aug. 22).** If you can pass a big test, you can advance to the next level. Focus on your work, especially whatever you can do for other people.

**Virgo** (Aug. 23-Sept. 22). Been thinking about going back to school? In Madrid? Maybe you can make it happen. Your vision should be clear soon.

**Libra (Sept. 23-Oct. 23).** You may notice an uncharacteristic fascination with funding. These would be excellent days to buy or sell land or household items.

**Scorpio** (Oct. 24-Nov. 21). Your partner is important in your life. Let him or her take the lead — and possibly even do the driving. You can get some things talked out and cleared up.

**Sagittarius** (Nov. 22-Dec. 21). Find ways to take care of others and receive marvelous benefits, maybe even more money. You can find whatever you need close to home, so don't wander far.

**Capricorn (Dec. 22-Jan. 19).** The coming week should be a lot of fun. Set it up that way on purpose. You're strong and decisive. Communicate your love and have tons of fun, too.

**Aquarius (Jan. 20-Feb. 18).** This week completion is your theme, as well as home and family. It's a good time to put down roots.

**Pisces (Feb. 19-March 20).** Your friends can be helpful. You're in a massive learning phase, so ask them to teach you. Don't let rules and regulations slow you down too much.

**If You're Having a Birthday This Week:** Travel could be your reward for a job well done. You're lucky in May if you stick to the routine. Reach out and make a friend far away.

PawSox tickets. The dinner is being co-sponsored by the Rochester Lions Club and the Rochester Police Brotherhood and will be held May 6 at the Rochester Memorial School on Pine Street. The dinner is to raise much needed funds to defray expenses incurred by a severe medical problem suffered by Matthew Booth.

Rick Miller played for the Red Sox from 1969 to 1977 and then from 1981 to 1985. In 1974 he was named Bosox Club Man of the Year for contributions to the community on and off the field. He won the American League Gold Glove Award in 1978. In 1981 he tied a major league record with four doubles in one game. During the 1983 season he led the American League and set a Red Sox record with a .457 pinch hitting average. Since leaving baseball as an active player he has coached and is presently manager/director of several baseball schools and camps for youngsters of all ages. He is also on the Board of Directors and Honorary Chairman of the Cystic Fibrosis Foundation.

Tickets for the dinner are \$8 for adults and \$4 for children under 12 years of age and can be purchased by calling Art Westgate at 763-2486 or Bill Chamberlain at 763-8956 and through Lindsey Moore at Old Rochester Regional. Tickets can also be purchased from any member of the Police Brotherhood as well as at Lloyd's Market and Towne Pizza. Seating will be continuous from 5:00 to 7:00 pm. If you wish to make a donation to the Matthew Booth Fund or donate an item for the raffle and auction, to be held that night, you may do so through Art or Bill.
